ABOUT ME

Passionate QA Test Engineer with over 5 years of experience in the information technology industry. My focus goes beyond simple software testing; I am an innovator committed to continuous improvement and implementing creative solutions to technological challenges.

EXPERIENCE

QA TEST ENGINEER

Chiliz | Malta | Aug 2023 - Jan 2024

- Developed comprehensive test cases and collaborated with teams to ensure full coverage of requirements.
- Automated testing using Katalon Studio, Selenium, and Cucumber, speeding up bug detection and improving efficiency by 30%.
- Specialized in Microservices testing and efficient management of PostgreSQL databases.
- Key contributor to the design and implementation of CI/CD pipelines, ensuring rapid feedback on code quality.

QA SPECIALIST DEVELOPER

Juniper - Innovating Travel Technology | Palma, Balearic Islands, Spain | Jul 2022 - Aug 2023

- Designed and executed functional tests for new developments, proposing improvements for initially unplanned projects.
- Efficient management of Oracle and Postgres databases.
- Developed an automation framework for web and mobile applications using Selenium and Appium.

QA SPECIALIST

Air Europa | Palma, Balearic Islands, Spain | Jul 2019 - Jul 2022

- Developed test cases and automated API tests using Postman and Newman.
- Collaborated in continuous integration management with Jenkins.
- Managed a Mobile Device Management (MDM) system.
